Changes to ND 1806 road closure

Bismarck, ND - The North Dakota Department of Transportation (NDDOT) along with the North Dakota Highway Patrol and Morton County Sheriff's Department has changed the closure point on ND Highway 1806 south of Mandan to County Road 135. ND 1806 will be opened from Mandan to the junction of country road 135, just north of the town of Ft. Rice. This allows eight more miles of open highway. The highway remains closed for approximately 10 miles from Ft. Rice to the Cannon Ball city junction. Local residents are allowed. Other motorists should use ND 6 as an alternate route.
